After Your Visit

Payment
Following your visit you will be sent an invoice for your stay. Please log into your reservation account to make payment by credit card. If you are unable to make payments by credit card cheques made out to the Arctic Institute of North America are accepted and may be mailed to:

Arctic Institute of North America
ES1040 – 2500 University Dr. NW
Calgary, Alberta, Canada
T2N 1N4

We appreciate payments being made within 30 days of the invoicing date.

Reporting
Following your visit to KLRS, AINA will follow up requesting additional information that can be included in our Annual Report and in KLRS informational material. AINA wishes to ensure continued support for the station and also profile the researchers who use our facility by showcasing their work as appropriate.

The information you provide will improve the station and allow us to celebrate the success of the students who work at KLRS. Project leaders will be provided with a template that requests the following:

- A brief report summarizing your activities, including (for example) research objectives, field school objectives, any preliminary findings (similar to what is required for the Yukon Scientists and Explorers Licence);
- Photos, video, or other media that can be used by AINA in annual reports online and for other purposes;
- Notifications and links to (or electronic copies of) any publications resulting from your work at KLRS, including notifications of successful thesis defense, and feedback on your stay.
  - This information should be sent to astis@ucalgary.ca

For over 35 years AINA has maintained a publicly accessible KLRS bibliography of all publications produced as a result of our research support. Your information will help to keep this current and useful.

This information should be submitted to Arctic@UCalgary.ca.
